Ordinance or resolution authorizing creation; actions by or against; contracts

Sec. 2. (a) Any municipal corporation, county, or any combination of a municipal corporation, municipal corporations, county or counties may create a port authority and there may be created a port authority in a county having a population of more than four hundred thousand (400,000) but less than seven hundred thousand (700,000). A municipal corporation shall act by ordinance, and a county shall act by resolution of the county commissioners in authorizing the creation of a port authority. A port authority created hereunder shall be a body corporate and politic which may sue and be sued, plead and be impleaded, and shall have the powers and jurisdiction enumerated in this chapter. The exercise by such port authority of the powers conferred upon it shall be deemed to be essential governmental functions of the state of Indiana, but no port authority shall be immune from liability by reason thereof.

(b) In the exercise of the powers and authorities herein granted said port authority shall have power to make and enter into any and all contracts in the name or names of the governmental unit or units creating such authority, and such contracts as may be necessary to effectuate the purposes of this chapter and which are not otherwise expressly provided for shall be made without ratification thereof by any other board, body, or officer.

Counties creating port authority; reimbursement of municipal corporations

Sec. 3. Any county, which seeks to create a port authority shall, prior to such creation of a port authority, and prior to the exercising of the hereinafter described rights, compensate in full the municipal corporations included in the territory of such county, in an amount of money equal to the waterfront investment of such municipal corporations in the territory or adjoining lands including but not limited to appropriations, expenditures, charges for materials used or labor performed by public officials or employees of said municipal corporation in the placing, construction, development, or improvement of land fills; waterfront shoreways or highways; bulkheads; connecting ways; tracts, breakwaters; soil erosion projects; harbor improvements; public beaches; boat harbor facilities; drainage systems; docks; bridges; wharves; piers; places; ways; buildings and appurtenances; sewers; public utility facilities for power, light, heat or water; dredging or channel improvement projects; communications systems; and lakefront improvements. Such municipal corporations may decline to demand compensation for any of the foregoing components of their waterfront investment and thereby retain their possession, custody, control, and property interest in the component for which no compensation is demanded.

Such compensation paid to the municipal corporation may not be derived or take origin directly or indirectly from levies, taxes, assessments, fees, or charges of any kind or nature which were imposed or will be imposed upon the citizens, electors or taxpayers of the municipal corporation which receives such compensation.

Sec. 4. Any municipal corporation or county creating or participating in the creation of a port authority may expend funds not otherwise appropriated to defray the expense of surveys and examinations incidental to the purposes of the port authority so created.

Subject to making due provisions for payment and performance of its obligations, a port authority may be dissolved by the subdivision or subdivisions creating it, and in such event the

properties of the port authority shall be transferred to the subdivision creating it, or if created by more than one subdivision, to the subdivision creating it in such manner as may be agreed upon between such subdivisions.

IC 8-10-5-5

Directors

Sec. 5. (a) A port authority created in accordance with the provisions of this chapter shall be governed by a board of directors. Except as provided in subsection (c), members of a board of directors of a port authority created by the exclusive action of a municipal corporation shall consist of the number of members it deems necessary and be appointed by the mayor with the advice and consent of the common council. Members of a board of directors of a port authority created by the exclusive action of a county shall consist of such members as it deems necessary and be appointed by the county commissioners of such county. Members of a board of directors of a port authority created by a combination of political subdivisions shall be divided among such political subdivisions in such proportions as such political subdivisions may agree and appointed in the same manner as this section provides for their appointment when such political subdivision creates its own port authority. When a port authority is created by a combination of political subdivisions, the number of directors composing the board shall be determined by agreement between such political subdivisions.

(b) In the case of a port authority created under section 2 of this chapter in a county having a population of more than four hundred thousand (400,000) but less than seven hundred thousand (700,000), the board of directors shall consist of seven (7) members, three (3) of whom shall be appointed by the board of county commissioners, one (1) each by the mayors of the three (3) cities in the county having the largest populations, and the mayor of the city having the largest population shall appoint any remaining member or members. The board shall be appointed as follows:

- (1) The mayors of the three (3) cities in the county having the largest populations shall each make one (1) appointment.
- (2) The board of county commissioners shall make its three (3) appointments following the naming of the city appointees and appoint persons of such political faith as to make the board of directors a bipartisan body.
- (3) If a city is entitled to a second appointment, the mayor shall make the appointment subject to retaining the board's bipartisan status.
- (4) In no event may more than three (3) board members residing in the same city serve on said board at the same time.
- (5) In no event may more than four (4) members of one (1) political party serve on the board at the same time.

(c) This subsection applies to a port authority created under section 2 of this chapter by the exclusive action of a municipal

corporation in a city having a population of more than seventy-five thousand (75,000) but less than ninety thousand (90,000). The board of directors of the port authority consists of five (5) members appointed as follows:

- (1) Three (3) members appointed by the mayor of the city.
- (2) Two (2) members appointed by the legislative body of the city.

(d) The appointing authority may at any time remove a director appointed by it for misfeasance, nonfeasance, or malfeasance in office.

(e) At the time of appointment, a director must be a resident of one (1) of the following:

- (1) The political subdivision from which the director is appointed.
- (2) The county within which the port authority is established.

At all times, a majority of the directors must be residents of the political subdivisions from which the members are appointed.

(f) The directors of any port authority first appointed shall serve staggered terms. Thereafter each successor shall serve for a term of four (4) years, except that any person appointed to fill a vacancy shall be appointed to only the unexpired term and any director shall be eligible for reappointment.

(g) The directors shall elect one (1) of their membership as chairman, and another as vice chairman, and shall designate their terms of office, and shall appoint a secretary who need not be a director. A majority of the board of directors shall constitute a quorum the affirmative vote of which shall be necessary for any action taken by the port authority. No vacancy in the membership of the board shall impair the rights of a quorum to exercise all the rights and perform all the duties of the port authority.

(h) Each member of the board of directors of a port authority shall be entitled to receive from the port authority such sum of money as the board of directors may determine as compensation for the member's service as director and reimbursement for the member's reasonable expenses in the performance of the member's duties.

Expansion of jurisdiction; ordinances

Sec. 5.5. Any port authority that is created under this chapter may expand its jurisdiction to include any other unit (as defined in IC 36-1-2-23) that desires to join the expanded authority. The legislative body (as defined in IC 36-1-2-9) of each unit that is in the authority shall by ordinance determine the number of directors on the board of the expanded authority and any other terms of the expansion that it considers appropriate. The legislative body of each unit that desires to join the authority shall by ordinance agree to join the authority and to accept the terms of the ordinance that provides for

Powers and duties

Sec. 8. A port authority shall have full power and authority to do the following:

- (1) Purchase, construct, sell, lease, and operate docks, wharves, warehouses, piers, and other port, terminal, or transportation facilities within its jurisdiction consistent with the purposes of the port authority and make charges for the use thereof.
- (2) Straighten, deepen, and improve any canal, channel, river, stream, or other water course or way which may be necessary or proper in the development of the facilities of such port.
- (3) Establish dock lines, piers, and other facilities necessary to the conduct of pleasure boating within the territory under the jurisdiction of the port authority.
- (4) Regulate and enforce the regulation of all uses and activities related to the port in the area under the jurisdiction of the port authority and determine the use of land adjacent to waters under the jurisdiction of the port authority within a reasonable distance from the shore lines of such waters. However, this subdivision does not:
 - (A) affect the requirement that special standards for the safe operation of watercraft on public waters must be adopted by rule by the department of natural resources under IC 14-15-7-3; or
 - (B) authorize the assessment by the port authority of a charge or fee for the passage of a watercraft through the navigable waters of the state.
- (5) Acquire, own, hold, sell, lease, or operate real or personal property for the authorized purposes of the port authority.
 - (A) The board of directors may, by resolution, recommend to the governing body of the municipality or municipalities creating the port authority that they authorize general obligations, mortgage, or revenue bonds for any one (1) or more of the following purposes:
 - (i) To acquire or improve port or harbor sites.
 - (ii) To acquire, construct, extend, alter, or improve structures, ways, facilities, or equipment necessary for the proper operation of the port authority or the port or harbor within its jurisdiction.
 - (iii) To refund outstanding bonds and matured interest coupons and issue and sell refunding bonds for that purpose.
 - (B) Prior to a recommendation authorized by clause (A), the board shall give notice of a public hearing at which time the board shall disclose the purpose for which the bond issue is proposed, the amount of the proposed issue, and all other pertinent data. At least ten (10) days prior to the date set for hearing, the board shall publish in two (2) newspapers of general circulation in the city, county or counties, or such other municipalities involved, a notice of the time, place, and

purpose of the hearing. If there is only one (1) paper one (1) notice shall be sufficient.

(C) The governing body shall review the proposal of the board of directors of the port authority and if it approves shall provide for the advertisement and sale of the issue in compliance with IC 5-1-11. For purposes of this chapter, IC 5-1-11 shall apply as fully to mortgage bonds as to general obligation or revenue bonds.

(D) Bonds issued under the authority of this chapter are not subject to limitations on interest rates.

(E) The governing body shall fix the time and place of payment of principal and interest, but no issue shall have a maturity date in excess of forty (40) years from date of issue.

(F) Bonds issued under the provisions of this chapter, together with the interest thereon, shall be tax exempt.

(G) The governing body shall apply the proceeds from the sale of bonds exclusively to the purposes for which the bonds were issued and only to the extent necessary therefor. Any remaining balance shall be placed in a sinking fund for the payment of the bonds and the interest thereon.

(H) Nothing in this chapter shall affect existing obligations on outstanding bonds. In case a board of directors or a port authority is discontinued as provided in section 4 of this chapter the primary obligations on its bonds shall remain unaffected. In addition, the city or county or municipalities involved in the issuance thereof shall assume liability for the payment of the bonds according to their terms and in relation to their interest or proportion therein.

(6) With the approval of the governing body creating it, sell, lease, or enter into a royalty contract for the natural or mineral resources of land which it owns. Moneys received from these sources shall be deposited in the nonreverting capital fund of the port authority.

(7) Apply to the proper authorities of the United States pursuant to appropriate law for the right to establish, operate, and maintain foreign trade zones within the limits of the port authority and establish, operate, and maintain such foreign trade zones.

(8) Exercise the right of eminent domain to appropriate any land, rights, rights-of-way, franchises, easements, or other property necessary or proper for the construction or the efficient operation of any facility of the port authority, award damages to landowners for real estate and property rights appropriated and taken or injuriously affected, and in case the board of directors of the port authority cannot agree with the owners, lessees, or occupants of any real estate selected by them for the purposes herein set forth, proceed to procure the condemnation of the same as hereinafter provided, and in addition thereto, when not in conflict or inconsistent with the express provisions of this chapter, proceed under the general laws of the state of

Indiana governing the condemnation of lands and the rights-of-way for other public purposes which may be in force at the time, and the provisions of such laws are hereby extended to ports and harbors and to the properties of port authorities as provided for herein so far as the same are not in conflict or inconsistent with the terms of this chapter. In any such proceeding prosecuted by the board of directors of a port authority to condemn or appropriate any land or the use thereof or any right therein for purposes permitted by this chapter, the board and all owners and holders of property or rights therein sought to be taken shall be governed by and have the same rights as to procedure, notices, hearings, assessments of benefits and awards, and payments thereof as are now or may hereafter be prescribed by law for the appropriation and condemnation of real estate, and such property owners shall have like powers and rights as to remonstrance and of appeals to the circuit or superior courts in the county in which such property sought to be appropriated is located. However, the payment of all damages awarded for all lands and property or interests or rights therein appropriated under the provisions of this chapter shall be paid entirely out of funds under the control of such port authority, except for the following:

(A) Upon written application of any property owner affected, any municipal corporation, or, as to areas outside the boundaries of a municipal corporation, any county, participating in the creation of a port authority, after ten (10) days written notice to the port authority and public hearing had thereon, may revoke the right of eminent domain to be exercised by the port authority as to any parcel or parcels of land inside its borders within sixty (60) days after the port authority has by resolution announced the lands, rights, rights-of-way, franchises, easements, or other property to be taken.

(B) Nothing herein contained shall authorize a port authority to take or disturb property or facilities belonging to any public corporation, public utility, or common carrier, which property or facilities are necessary and convenient in the operation of such public corporation, public utility, or common carrier, unless provision is made for the restoration, relocating, or duplication of such property or facilities, or upon the election of such public corporation, public utility, or common carrier, for the payment of compensation, if any at the sole cost of the port authority, subject to the following:

(i) If any restoration or duplication proposed to be made hereunder shall involve a relocation of such property or facilities, the new facilities and location shall be of at least comparable utilitarian value and effectiveness and such relocation shall not impair the ability of the public utility or common carrier to compete in its original area of operation.

(ii) Provisions for restoration or duplication shall be described in detail in the resolution for appropriation passed by the port authority.

(9) Accept, receive, and receipt for federal moneys, and other moneys, either public or private, for the acquisition, construction, enlargement, improvement, maintenance, equipment, or operation of a port or harbor or other navigation facilities, and sites therefor and comply with the provisions of the laws of the United States and any rules and regulations made thereunder for the expenditure of federal moneys upon such ports and other navigation facilities.

(10) Maintain such funds as it deems necessary.

(11) Direct its agents or employees, when properly identified in writing, and after at least five (5) days written notice, to enter upon lands within the confines of its jurisdiction in order to make surveys and examinations preliminary to location and construction of works for the purposes of the port authority, without liability of the port authority or its agents or employees except for actual damage done.

(12) Sell or lease real and personal property not needed for the operation of the port authority and grant easements or rights-of-way over property of the port authority.

(13) Promote, advertise, and publicize the port and its facilities, provide traffic information and rate information to shippers and shipping interests, and appear before rate making authorities to represent and promote the interests of the port.

Upon the completion of such plan, the board of directors shall cause notice by publication as provided in section 1 of this chapter, to be given in each county in which there is a political subdivision participating in the creation of the port authority, and shall likewise cause notice to be served upon the owners of the uplands contiguous to any submerged lands affected by such plan in the manner provided by law for service of notice in the levy of special assessments by municipal corporations, and shall permit the inspection thereof at their office by all persons interested. Emergency measure

Sec. 19. This chapter is hereby declared to be an emergency measure, necessary for the immediate preservation of the public peace, health, and safety. The reason for such necessity lies in the fact that the provisions of this chapter should become effective immediately in order to permit the prompt organization of port authorities to take advantage of the St. Lawrence Seaway project authorized by the Congress, thereby advancing the interests and the welfare of the state of Indiana and its citizens.
